This transition guide serves to outline the updates and new content found in *Nursing Ethics and Professional Responsibility in Advanced Practice, Fourth Edition*.

OUTSTANDING FEATURES

- Introduces foundations of professional responsibility and makes difficult philosophical and ethical concepts accessible to the reader so they can facilitate their own ethical decision-making
- Leadership content woven into chapters, addressing current advanced practice expectations and move to DNP by 2025
- Case studies present everyday ethical issues faced by APNs and outline their roles in resolving these dilemmas
- Lifespan approach to patient care (NICU to end-of-life) aligns with current expectations for APRN-provided care
- Population specific content presented in separate chapters to address needs of various APRN roles
-

REVISION UPDATES

- Exploration of the role of interprofessional ethics
- Expanded content on social justice, including advocacy for vulnerable populations and global issues
- Additional content on gerontologic issues
- New content on men's health issues and substance abuse
- Focus on perioperative and CRNA issues
- Chapter 3, Chapter 9, and Chapter 10 have been heavily updated
- **NEW** Humanitarian Crisis section and case study have been added to Chapter 7
