## CHAPTER OUTLINE

This chapter outline has been created to help you easily transition to the *Fifth Edition*. Note that chapter content from the *Fourth Edition* may now be found in a different chapter in the *Fifth Edition*. Also note that chapter numbers and titles may have been updated.

### **Chapter 1: History and Overview of the U.S. Healthcare System**

Now includes a discussion on social justice and the social determinants of health. The five milestone tables have been updated through 2022.

### **Chapter 2: Current Operations of the U.S. Healthcare System**

All data has been updated to include the OECD Health at a Glance 2021 data. There is a new section on the global impact of the pandemic and a discussion of global vaccination rates. There is also a new section on the impact of socioeconomic factors on COVID outcomes as well as the disease's impact on mental health and overall healthcare access globally. And a discussion on the concept of avoidable mortality which are deaths that are preventable and treatable and a section on infant, child, and adolescent health.

### **Chapter 3: Government's Role in U.S. Health Care**

All government agency information has been updated and reviewed. There is a new section on the role the U.S. government played in the management of the pandemic.

### **Chapter 4: Public Health's Role in Health Care**

New figure of the Healthy People 2030 report on Social Determinants of Health. Now includes four sections on the background of the pandemic, politics and public health, the role misinformation and disinformation played in the public health efforts during the pandemic, and health equity and the pandemic. Also included is a section on PFAs, the Forever Chemical, the monkey pox outbreak, and an update on the opioid epidemic. Also, a discussion on the United Nations Sustainable Development Goals.

### **Chapter 5: U.S. Population Health (NEW)**

All data has been updated.

### **Chapter 6: Inpatient and Outpatient Services**

All data has been updated.

### **Chapter 7: Long-Term Care Services**

All data has been updated. New section on Best Life Memory Care.

### **Chapter 8: Careers in the Health Industry**

All labor statistics have been updated. Included are 8 new healthcare career opportunities.

### **Chapter 9: Healthcare Payors and Financing**

All data has been updated. Managed care was integrated into this chapter. There was an in-depth discussion on healthcare expenditures regarding health care payors and financing. The CMS Innovation Payment Models were updated.

### **Chapter 10: Information Technology Impact on Health Care**

All data has been updated.

**Chapter 11: Healthcare Law**

All data has been updated. Two healthcare laws have been included. The healthcare provisions of the Inflation Reduction Act of 2022 and the Bipartisan Safer Communities Act of 2022. There is also a section on the legislation that was passed during the Trump and Biden administration related to the pandemic. Also, a discussion on the Supreme Court Roe v. Wade decision.

**Chapter 12: Healthcare Ethics**

All data has been updated. Included is an annotated version of the American College of Healthcare Executives Code of Ethics. There is also an extensive section on the issues of social justice in healthcare and ways to eliminate implicit bias in the healthcare system.

**Chapter 13: Mental Health Issues**

All data has been updated. An in-depth section, including survey data, on the impact of the pandemic on mental health in the population and mental health in healthcare workers is included.

**Chapter 14: Analysis of The U.S. Healthcare System**

All data has been updated. There are new healthcare trends discussed. Germany is included as another comparison country to the U.S. A section on digital health is included with an expanded discussion of cultural awareness to cultural proficiency.
