
TRANSITION GUIDE

This transition guide serves to outline the updates and new content found in *Gynecologic Health Care: With an Introduction to Prenatal and Postpartum Care, Fourth Edition*.

OUTSTANDING FEATURES

- Promotes a holistic approach that considers each patient's well-being within the context of their life, rather than focusing only on diagnosis and treatment
- Contributors and reviewers are expert clinicians, educators, and scientists who recognize the importance of evidence-based practice
- Insert featuring full-color illustrations and photos

REVISION UPDATES

- All chapters thoroughly revised and updated to reflect current standards of care
- Expanded content supports the provision of gender-inclusive health care
- New chapters provide a foundation to help clinicians address racism and race-associated health disparities, provide sexual and reproductive health care to men, and ensure a comprehensive approach to preconception health promotion
 - Chapter 2: Racism and Health Disparities
 - Chapter 8: Male Sexual and Reproductive Health
 - Chapter 31: Preconception Care

APPLICABLE COURSES

- Reproductive and Women's Health
- Advanced Health Assessment of Women
- Primary Care of Women
