
TRANSITION GUIDE

This transition guide serves to outline the updates and new content found in *Essentials of Health Justice: Law, Policy, and Structural Change, Second Edition*

Elizabeth Tobin-Tyler, JD, MA
Joel B. Teitelbaum, JD, LLM

ISBN: 9781284248142

Paperback
325 pages • © 2023

OUTSTANDING FEATURES

- Examines the social and structural determinants of health, systems of care for underserved populations, health equity, social justice and health policy.
- Takes an interdisciplinary approach as a stand-alone text or supplement for a range of undergraduate, graduate, law, public health, medical, nursing and other health professions courses.
- Aims to connect population health and well-being with general education and the Association of American Colleges and Universities focus on social justice.
- Includes learning objectives in each chapter to help guide learning and understanding of key concepts
- Concludes with a “call to action” chapter on advocacy for health justice at the individual, community, and state/federal level.

REVISION UPDATES

- Heavily revised, the second edition now includes 5 new parts and numerous new chapters focused on the historical, structural, and legal underpinnings of racial, ethnic, gender-based, and ableist inequities in health.
- New Part 4 on Historically Excluded Populations and Health Injustice includes new chapters focusing on specific populations: BIPOC, immigrants, women, LBGQ, and people with disabilities
- Updated figures and data throughout the text

APPLICABLE COURSES

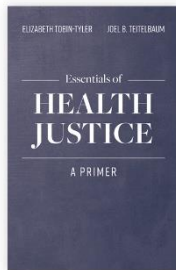

- Health and social justice
- Public health law and policy
- Health care policy and social justice
- Health care ethics
- Health policy and administration
-

INSTRUCTOR RESOURCES

- Sample syllabus
- Discussion Questions with Suggested Answers

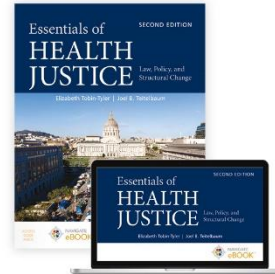

CHAPTER OUTLINE
