## Brief Overview

*Medical Terminology Flashcards, Second Edition* contains 800 flashcards made up of prefixes, suffixes, and root words to help users learn the building blocks of medical terminology. Each form is presented on the front of the card, and the definition and word building samples appear on the back. This edition features a new full-color design with specialties color-coded and illustrations added to cards. Any student of medical terminology, or any student in nursing, health professions, or medicine will value this quick, easy format for assessing their medical terminology knowledge.

## How to Use

*Medical Terminology Flashcards, Second Edition* has been updated to a new, easy-to-use format. Students can choose to use this bound and perforated study tool in various ways, either as a book or by tearing the pages out and creating their own flashcards.
